DESCRIPTION

Your experience will start in our café, including a welcome drink, where you will be introduced to one of our experienced keepers for your health and safety briefing. They will then escort you behind the scenes for your 2-hour experience to begin.

Your experience will see you working alongside our Animal Keepers on a variety of activities which could include, making and giving enrichment, preparing animal feed, general cleaning tasks, grooming etc. You will also have the opportunity to assist with a Meet-the-Keeper Talk and be star of the show. The keepers routines change daily depending on the demands of the animals in their care. Therefore, we cannot guarantee interaction with any specific species of animal or specific tasks.

Throughout your experience, the keeper will tell you about the behaviour, feeding, habits and characters of our animals. You will also have plenty of opportunity to ask questions.

You are welcome to enjoy the rest of the park both before and after your experience.

Please ensure you are wearing suitable clothes that you don't mind getting dirty. You will need to wear long trousers and suitable footwear (no open-toe shoes).

Please note this is an outdoor experience and will take place in all weather conditions. Unless the weather is so severe it is deemed necessary to close the entire park, in which case, we will contact you as soon as possible and you will be offered an alternative date for your experience to take place.

This experience has places for up to 4 people. We reserve the right to add additional participants to your experience if your group size is less than 4 participants.
